

6 April 2021

To the Professors,
Veterinary faculties or schools, Europe

To the Secretaries,
ECVP, ESVP

Dear Professors,

We are pleased to propose a position for a junior pathologist or pathologist in training, interested to join our department to participate to the [BigPicture European Grant](#). The position is open from early August 2021 until end January 2027, but the selected candidate can choose to stay for less than the full duration of the grant.

More details are provided in the sheet to be distributed to the students. We want to draw your attention to the fact that, depending on the length of the collaboration, Janssen may help and support the candidate to prepare for the ECVP certifying examination.

The manager, for administrative reasons, will be myself. As regards the main project of the traineeship, the mentor will be one of Beerse pathologists; for other activities, the trainee will be supervised by the other pathologists on an *ad hoc* basis depending on the topic and activity.

Sincerely,

Erio Barale-Thomas
Senior principal scientist, pathology
