

Anatomic Pathologist / Assistant Clinical Professor

Organization: New Hampshire Veterinary Diagnostic Laboratory / University of New Hampshire

Date Posted: 12/22/2021

City: Durham

Location: New Hampshire

Country: United States

Primary Category: Career

Type of Position: Full-Time

Education Requirement: DVM

Description & Details

The New Hampshire Veterinary Diagnostic Laboratory (NHVDL) at the University of New Hampshire (UNH) is adding a position for a 4th anatomic pathologist. The position is a full-time, 12-month appointment, consisting of 75% diagnostic duty split between biopsy and necropsy services, complemented by 25% teaching, service, and advising in the Department of Molecular, Cellular, and Biomedical Sciences within the College of Life Sciences and Agriculture. The incoming pathologist will join 3 ACVP board-certified anatomic pathologists and have opportunity to grow specialty diagnostic and / or collaborative research niche to suit her / his interests.

UNH, the flagship public university in NH, is a STARS Platinum sustainability institution, with a campus powered by 100% renewable energy. With the premier genome center in Northern New England, both organic and conventional dairies on campus, nationally renowned academic programs in natural resources, environmental sciences, genetics, and a welcoming faculty, there are ample opportunities to grow a career as a diagnostic pathologist and an engaged collaborative scientist.

The NHVDL has a robust biopsy service and a diverse necropsy service that includes a broad range of wildlife in addition to domesticated animals. With a busy serology service, a state-of-the-art microbiology section boasting MALDI-TOF biotyper speciation, and open collaboration with the NH Public Health Laboratory and NH Department of Agriculture Markets and Foods, casework at the NHVDL serves primary care veterinarians, producers, food chain security, and public health. In addition, teaching and mentorship within the College of Life Sciences and Agriculture exposes the NHVDL pathologists to their future peers and clients, with impacts in the classroom and on research projects often cited as amongst the most rewarding undergraduate experiences.

The NHVDL occupies a stand-alone, dedicated, state-of-the-art laboratory building in Durham, NH on UNH's main campus – a beautiful, historic and yet modern New England college campus, which is just a bit more than an hour from Boston and Portland, ME, about 20 minutes from the seashore, 50 minutes from Lake Winnepesaukee, and 90 minutes from the presidential mountains in the White Mountain National Forest.

Applications will be accepted through the UNH HR system: <https://jobs.usnh.edu/postings/44241>
