

**The NC Vet Diagnostic Lab System is looking for a veterinary diagnostic pathologist. The position is located at their full service, AAVLD accredited, Tier 1 NAHLN laboratory in Raleigh. See more information below.**

## **Description of Work**

The Veterinary Division protects the health of the state's livestock and poultry population through the administration of regulatory animal health programs and disease testing conducted by the North Carolina Veterinary Diagnostic Laboratory System.

Professional service activities of this role involve 100% diagnostic pathology that includes necropsy, histopathology, case coordination and client consultation of a diverse caseload. The NCVDLS is an AAVLD-accredited participant in the National Animal Health Laboratory Network with BSL3 capability. The primary mission of NCVDLS is to provide veterinarians, the animal industry, and the citizens of North Carolina with accurate and timely laboratory support services in order to diagnose, conduct surveillance, and assist in responding to and preventing animal disease. Both protection of public health and the food supply are important components of this mission.

The N.C. Department of Agriculture and Consumer Services provide services that promote and improve agriculture, agribusiness and forests; protect consumers and businesses; and conserve farmland and natural resources for the prosperity of all North Carolinians. The Department employs approximately 2,000 employees.

## **Knowledge, Skills and Abilities / Competencies**

- Extensive knowledge of veterinary pathology.
- Knowledge of the principles and techniques of veterinary medicine which includes pathology, bacteriology, virology, immunology, epidemiology, parasitology, toxicology and therapy
- Commitment to continued personal and professional development
- Excellent oral, written and interpersonal communication skills to convey scientific knowledge to a variety of colleagues and clients.

## **MANAGEMENT PREFERENCES:**

- Board certification by ACVP
- Previous veterinary diagnostic laboratory experience

## **Minimum Education and Experience Requirements**

Licensed or eligible for licensure to practice veterinary medicine in the State of North Carolina and advanced training in veterinary pathology, and board certified by the American College of Veterinary Pathologists or board eligible and two years of veterinary diagnostic laboratory experience.

**Recruitment Range:** \$80,880-\$151,228

### **Supplemental and Contact Information**

Any employment offer may be less than the maximum of the range due to salary equity with similarly situated employees or the selected candidate's related education and experience.

Please follow instructions to apply on-line. **It is important that your application includes all of your relevant education and experience. Text or attached resumes ARE NOT accepted as a substitution for a completed application.** Applicants seeking veteran's/National Guard preference should submit a copy of their Form DD-214, NGB 23A (RPAS), DD256 or NGB 22.

All Law Enforcement positions, aviation safety sensitive positions and positions requiring a Pilot's License or a Commercial Driver's License (CDL) shall be subject to pre-employment drug testing. All positions requiring a Commercial Driver's License shall also be subject to pre-employment DMV physicals. Selected applicants must obtain a U.S. Department of Transportation (USDOT) medical certificate prior to employment. If a CDL is listed as a preference and the selected applicant has a CDL at the time of hire then the CDL will become a requirement for the position.

**\*\*Note:** When required, you must answer the question(s) for this position, or your application will be considered incomplete. **\*\***
