

## PATHOLOGIST POSITION AT UC DAVIS

We are looking to fill in a 1-year faculty leave of absence at the UC Davis - CAHFS, Davis lab starting May 1st. There may be a possibility for extension after the one year.

The candidate will be working with 2 staff and 3 faculty pathologists on a wide variety of livestock and wildlife species including chickens, cattle, small ruminants, horses and wild birds. ACVP board-eligible or diplomats are equally welcome. CAHFS provides great opportunities to learn, develop, and experience diagnostic pathology in addition to relevant disciplines such as toxicology, immunology, and virology.

This position does not provide a visa and is for those with US work permit only.
